

Hi, To who it may concern,I am new to XM and have really enjoyed it. It is refreshing radio from what is on the air waves today. A real deal for the money. Let them do their job and give us our moneys worth with new and different radio. They are trying to come up with new and needed radio and information. the traffic and weather is just one of the new things they have come up with, I wish they had it for all cities.

Please reject the NAB petition 04-160 and give us the radio we deserve.

Thank You,

Rich Crain
